

MME Faculty Brownbag Seminar (feel free to bring your lunch)!

Please join us for a seminar presentation and linked Horizon 2020 bid planning meeting on the subject of
Inclusive Design and Creative Technology Innovation for Real Social Change!

Tuesday 25 October

1-2pm Room 204 Engineering Building

Stephen Howell: Academic Engagement Manager at Microsoft Ireland & PhD Candidate, SMARTlab, SMME, College of Engineering

Physical Gesture Games for Early Childhood Education and Care (without knowing how to Code)

Stephen is a computer software designed and education evangelist with many years of experience in designing and testing code to help Kids learn. He has a particular passion for Inclusive Learning, and has developed a unique Kinect to Scratch interface for kids on the Autistic Spectrum, with ADHD and related conditions or extra-abilities.

He studied previously at The Institute of Technology Tallagh, Tsuda College, Tokyo and Dublin City University, prior to commencing his PhD at UCD in CS, and now completing in the Thematic PhD in Inclusive Design and Technology Innovation.
